NOTICE OF EX PARTE COMMUNICATIONS

Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay.

3/27/06	A04-12-014	Southern California Edison Company, for authority, among other things, to increase its authorized revenues for electric service in 2006 and to reflect that increase in rates.
	I05-05-024	Order Instituting Investigation on the Commission's own motion into the rates, operations, practices, service and facilities of Southern California Edison Company.

Summary: On March 22, 2006, Bruce Foster, Senior Vice President of Southern California Edison Company (SCE), met with Andrew Campbell, advisor to Cmmr. Chong, in San Francisco. Also present were John Hughes, Manager, and Russ Worden, 2006 General Rate Case (GRC) Manager, for SCE. Written materials (attached to the notice) were used. The SCE representatives stated that while the proposed decision (PD) would adjust \$264 million from SCE's test year request, they would focus on some \$152 million of the adjustment. The SCE representatives described the need to spend on training and recruitment at levels above what may be embedded in recorded expense. Worden and Foster stated that the PD cuts SCE's incentive compensation request in half. Hughes added that the PD would remove approximately \$27 million of incentive compensation that was authorized into rates by the 2003 GRC decision. The SCE representatives described the consequences of capital budget cuts, showing an itemized list of system equipment that would not be replaced, if the PD's cuts are adopted. Turning to Post-Test Year Ratemaking, the SCE representatives described why the PD's capital escalation rates are not adequate. Worden described why the PD's adjustment associated with the Workers' Compensation

reserve is wrong and unfair.

R04-01-025

Order Instituting Rulemaking to establish policies and rules to ensure reliable, long-term supplies of Natural Gas to California.

Summary: On March 22, 2006, Colin E. Cushnie, Director of Southern California Edison Company (SCE), met with Belinda Gatti, advisor to Cmmr. Brown, and Rami Kahlon, advisor to Cmmr. Peevey, in two separate meetings in San Francisco. Also present were Luis Pando, Manager of SCE, and Dr. Chung Liu of the South Coast Air Quality Management District (SCAQMD). Written material (attached to the notice) was used. Cushnie stated that the Commission should adopt SCE's proposal to implement an interim gas quality standard that is consistent with the quality of natural gas historically delivered to end-use customers of Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E). Cushnie urged the Commission to require a definitive study to determine whether it is more cost effective to require LNG facilities to deliver gas supplies to the SoCalGas/SDG&E system that is consistent with the historical heat content of natural gas deliveries to end-use customers or to require end-use customers to be responsible for making any necessary modifications to their gas-burning equipment to accept higher heat content gas. Dr. Liu explained that higher heat content gas from LNG deliveries should not be allowed and that instead, the Commission should require SoCalGas and SDG&E to accept natural gas supplies with a heat content that is more reflective of historical gas deliveries to end-use customers in southern California.

Grueneich, Nancy Ryan, advisor to Cmmr. Peevey, and Stephen St. Marie, advisor to Cmmr. Bohn, in four separate meetings in San Francisco. Also present was Al Pak for WPTF. A05-10-010

Southern California Gas Company, for approval of a Long-Term Gas Transportation Agreement with Guardian Industries Corp.

Summary: On March 27, 2006, Dana Appling, Director of the Division of Ratepayer Advocates (DRA), met with Theresa Cho, advisor to Cmmr. Grueneich, in San Francisco. Also present were Harvey Y. Morris, Assistant General Counsel, and Rashid A. Rashid, Attorney for DRA. Copies of documents filed in this proceeding were used. DRA requested that the Commission propose an alternate decision to ALJ Barnett's draft decision (DD). DRA explained that the Commission does not have legal authority to discount the public purpose program (PPP) surcharge as the DD proposes. DRA warned that if the Commission discounts Guardian's PPP surcharge based on its threat to leave the state, it would set precedent for the Commission to provide discounts to other industrial gas consumers that threaten to leave the state, which would lead to substantial decreases in PPP funding.
